Re: Docket #N2012-2

I am concerned about the hours of operation of my post office in Venice, CA. As a result of the closure of our post office and its "relocation", the service hours have been reduced. While until this week we had retail postal services available on Saturdays from 9am to 3pm, starting this week we no longer have retail services available on Saturdays.

In addition, the "relocation" of our post office resulted in a twenty percent reduction in overall retail services, as the number of service windows was reduced from five to four.

Thank you for considering my concerns,
Greta Cobar
